

# AJ-050 - Washout Brush

**Product Code:** AJ-050  
**Weight:** 0.00kg  
**Dimensions:** 0.00cm x 0.00cm x 0.00cm

## Description

### AJ-050 - Washout Brush

Rotary washout brush composed of a single spiral of filaments locked onto a cylindrical support. Unlike a washout brush it only remove fluids from the photopolymer plate by means of a soft mechanical effect (sweep) caused by the bristles of the brushes when they get in contact with the photopolymer plate at almost no pressure.

## Equipment Reference

EVO 2A

## Specification

|                                              |  |
|----------------------------------------------|--|
| Suitable for the following equipment models: |  |
| EVO 2 A                                      |  |
| Spare Part Type                              |  |
| Mechanical Component                         |  |
| Spare Part Group                             |  |
| Brush                                        |  |
| Stock Type                                   |  |
| Made to Order                                |  |
| Wear and Tear<br>(Consumable)                |  |
